## Sheet1

This is sample text which is on display to show the contrast between foreground and background.

Above you see a menu which allows you to set the foreground, background menu and cursor colors. Color is set with macro command below:  
(where x is color)

{MenuColor x}

{BordColor x}

3.999999999999636

{Textcolor 67}  
{BordColor 32}  
{Update}

Borders

Set the background color

{MenuCall MENU2}  
{BORDCOLOR +A1#or#a2}  
{Update}  
{Jump \a}

Menus

Set the menu color

{MenuCall MENU2}  
{MENUCOLOR +A1#or#a2}  
{Update}  
{Jump \a}

Cursor

Set the cursor Color

{MenuCall MENU2}  
{CURSCOLOR A1#or#A2}  
{Update}  
{Jump \a}

Quit

Exit this macro

{UPDATE}  
{QUIT}

Green

Set the color

{Let a3,2}  
{Return}

LiteBlue

Set the color

{Let a3,3}  
{Return}

Red

Set the color

{Let a3,4}  
{Return}

Purple

Set the color

{Let a3,5}  
{Return}

BackGround

{MenuCall MENU1}  
{Let a2,a3\*16}  
{RETURN}
