

THE UNIVERSE OF DREW by Drew Henry

After all of the hard work you put into those last few missions, I think that it is only fair that you now go on a vacation. Where you go is up to you, but upon completion of this mission you will learn what your mode of transportation will be.

In the space below you will see a series of numbers. If you know your X's and Y's you will know what to do with them, and then you will know how you will be getting to your dream vacation.

As always, press [Alt] [A] to start over or to have the solutions shown to you. (And by the way - have a nice vacation!) Select "Let Me Try" to begin this, your fourth mission.
