Microsoft Solution Providers for Windows NT

Who are Microsoft Solution Providers?

Microsoft Solution Providers are independent organizations that apply technology to solve customers business needs. Using Microsoft products as building blocks, Solution Providers offer a range of value-added services, such as design, integration, development, training and technical support. They include a wide range of companies such as value-added resellers, developers, consultants, technical support and training organizations who have joined the Microsoft Solution Provider program and are engaged in one or many aspects of applying technology and services to help customers solve business problems.

Here are the names of Microsoft Solution Providers that offer services for Windows NT:

Solution Providers that offer services worldwide.

Solution Providers that offer services throughout the United States.

Solution Providers that offer services regionally within the United States.

For more information, to join, or to purchase a comprehensive printed directory of Microsoft Solution Providers, call (800) 426-9400. In Canada call (800) 563-9048.
