

# Tessellation Exploration™ 1.0

## **WELCOME!**

*Tessellation Exploration* is a dynamic tool that reinforces transformational geometry concepts as students create, explore, and print two-dimensional tessellations.

This demo version of Tessellation Exploration differs from the complete version in the following ways:

- (1) Saving has been disabled.
- (2) Printing has been disabled.

To order Tessellation Exploration, call Tom Snyder Productions or your local authorized dealer.

## **SYSTEM REQUIREMENTS**

- Pentium PC or better (100 MHz processor or higher)
- Windows 95 or higher
- minimum of 32 megabytes available RAM (memory)
- 640x480 monitor that can display a minimum of 256 colors
- To view the tutorial movie: Quicktime 2.x or later  
(You can download QuickTime at: [www.apple.com/quicktime/download](http://www.apple.com/quicktime/download))

## **WHAT COMES WITH THIS DEMO?**

- Tessellation Exploration Demo 1.0 (application)
- Tile Examples folder (a folder of sample tessellations for the slide show feature)

## **RUNNING THE PROGRAM**

To launch the application, double-click the Tessellation Exploration icon.

## **TECHNICAL SUPPORT**

If you are having technical trouble, please call our Technical Support team.

Toll free: 1-800-342-0236 (U.S. & Canada only)  
Local or International: 1-617-926-6000, ext. 255  
Monday through Friday, 8 a.m. to 5 p.m. EST.

You can also email us at [tech@tomsnyder.com](mailto:tech@tomsnyder.com).  
Or visit our Web site at [www.tomsnyder.com/products/op\\_tech.asp](http://www.tomsnyder.com/products/op_tech.asp)

When you call, please have the following information available:

- Software title
- Software version (stand-alone or network)
- Your computer model (e.g., Compaq Prolinea)
- Your computer's memory (e.g., 32 megabytes of RAM)
- Your computer's speed (e.g., 100 MHz)

If possible, please have the software running on a computer close to the telephone when you call.

Thank you!  
The Team at Tom Snyder Productions
