General Chemistry

Acid-Base Indicators
Activity Coefficients Calculator
Anion-Cation Balance
Azeotrope
B-Galactosidase Assays
Boiling Point Estimate
Buffer Maker
Chemical Conversions
Chemical Drawing Programs
Chemical Inventory Storage Programs
Chemical Supply Inventory Programs
Chemist's Calculator (a must)
Control Charts
Corrosion Rate Calculator
Enthalpy/Entropy of Formation Estimate
Enthalpy/Entropy of Vaporization Estimate
General Protein/Mas Analysis
Heat Capacity Estimate
Inorganic Qualitative Detective
Isoelectric Point Calculator
LabTimer
Molecular Energy Calculator
Molecular Weight Calculator
Optimization--GC
Optimization--HPLC
Periodic Table
Plating Software

QC Titration Calculator
Scale-Up
Sodium Adsorption Ratio
Standard Additions
Standard Curves
Standards Dilution Calculator
Stoichiometry
Surface Tension Estimate
Thermal Conductivity Estimate
Thermodynamic Calculator
Vapor Pressure Estimate
Viscosity Estimate
Water Indices
Wine Export Form

Environmental

BOD Calculator
Chemical Cross Reference Guide
Chlorophyll Calculator
CLP Ambient Air Templates
CLP Automated Reporting
CLP Froms Templates
COD Calculator
EMCIS MSDS DataBase
Environmental Molecular Weight Calculator
Environmental Spell Checker
EPA Methods in Electronic form
Excel Macros for SW846 & Water/Waste
MSDS Report Manager-Excel 4.0 Template
MSDS Report Manager-PerForm Pro template
NIOSH Methods in Electronic form
NPDES Discharge Monitoring Report Form
NPDES State DMR's available too
OSHA Inorganic Methods in Electronic form
OSHA Organic Methods in Electronic form
Perfect Ventilation
Sewage Treatment Plant FormsTemplates
State DMR Form Templates
State Monthly Operations Reports Templates
TCLP Forms Templates
Uniform Hazardous Waste Manifest System

Biochemistry/Pharmaceutical

Amino Acid Database
B-Galactosidase Assays
Buffer Maker
Dictionary of Biology
Enzyme Kinetics (w/graphs)
Fluorescence Database
General Protein/Mas Analysis
Isoelectric Point Calculator
Ksp Database
Peptide Programs
pH Profiling
pKa Database

X-Ray Diffraction Calculator

Chromatography

AIA (ANDI) Automation Programs
Chromatography Training Programs
Counter Current Chromatography
Gas Chromatography Equations
GC Optimization
GPC Calculator
HPLC Optimization
Ion Chromatography Equations
Liquid Chromatography Equations
Miscibility Chart
Scale Up

Spectroscopy

C13 NMR Estimates
Cookbook of Atomic Absorption
Fluorescence Database
IR Correlations
IR Spectral Manipulation
Mass Spec Calculator
NMR Data Processing Package
Organic Molecular Formulae (MS & NMR)
Proton NMR Estimates
Reference Spectra Databases
UV Max Estimate

Chemical Databases

Amino Acid Database
Dictionary Funk & Wagnall
Dictionary of Biology
Dictionary of Chemistry
Dictionary of Engineering Terms
Dictionary of Legal Terms
Dictionary of Medicine
Dictionary of Physics
Fluorescence Database
Ksp Database
pKa Database
Properties of Organic Compounds
Reference Spectra Databases
Thermochemical & Physical Properties

Statistical

Curve Generators
Designing your own Experiment Software
FIT--Regression Analysis
Origin
SAS
Statistical Process Control
Statistical Programs

Great StarTrek Ideas

MousPad, Bridge Crew
MousPad, Next Generation
MousPad, USS Enterprises
StarTrek Screen Saver

Chemistry & Software Utilities

Chemical Dictionaries
Chemical Spell Checkers
Clock Manager
Designing Your Own Experiment
Equipment Inventory & Maintenance
Fonts for Chemistry & Engineering
Inflation Rate Tables
PCX to XY Graph Scanning Tools
Screen Saver--Chemistry
SoftwareTrakker
Tools for Excel
UV Visible File Translator

Training and Tools Software

Bengali Fonts
Braincel--Neural Networks
Chemistry Training Tools
Electronic Computer Glossary
HPLC Training
Instrument Training Tools
Mac-in-DOS
Programmers Tools
Software Training Tools
TrueType Technical Fonts
Uninstall tools
Word/WordPerfect for Windows Training tools

MacIntosh Programs
