

Registration

God's Word V2.0 is distributed as shareware. Although commercial distribution is restricted, you may freely, and are encouraged to, give copies of this shareware to your friends. If after trying the program out for a reasonable period of time, usually 30 days or so, you must register your copy by sending the registration fee of US\$40 for the CD or US\$50 for diskettes to Kevin Rintoul, 3537 Happy Valley Rd., Victoria, British Columbia, Canada, V9C 2Y2. Personal cheques and money orders are accepted. When you register, I will send you the most recent version on CD-ROM, as well as a serial number that will.

- Disable the startup screen
- Entitle you to discounts on future upgrades of the shareware

As an added bonus, I will include a useful daily devotional program based on Charles Spurgeon's Morning and Evening readings.

Overseas Missionaries: If you are currently using the full version God's Word V2.0, you need only send me a note indicating that you are using it. If you would like the most recent version, send me US\$15 to cover postage and the CD-ROM. Missionary organizations are free to make copies of the registered version for their missionary members.

Site Licenses: The cost for a site license depends on the estimated number of computers in your organization that will use the program. The base fee for a site license is US\$40. Each additional computer is US\$10 to a maximum of US\$400.

Example 1: 10 computers

Initial license	\$40
Right to make 9 copies	\$90

Total:	\$130

Example 2: 100 computers:

Initial License	\$40
Right to make 99 copies	\$360

Total	\$400

You are not expected to keep an accurate count of the number of computers the software is installed on, but to only provide a reasonable estimate. When you order the site license, you will receive a CD containing the latest software and a certificate stating the number of copies you are entitled to make.

Methods of Payment: You may pay by cheque (payable to Kevin Rintoul), or international money order. Please do not send payment in Australian or New-Zealand dollars as they cannot be exchanged in many countries. You may send US dollars, Canadian dollars or Pound sterling (just use the current exchange rate). *We are unable to accept Visa, Master card or American Express at this time.*
