## Twenty-five of the Greatest Paper Airplanes

Twenty-five of the greatest, most outrageous paper airplane designs, including:

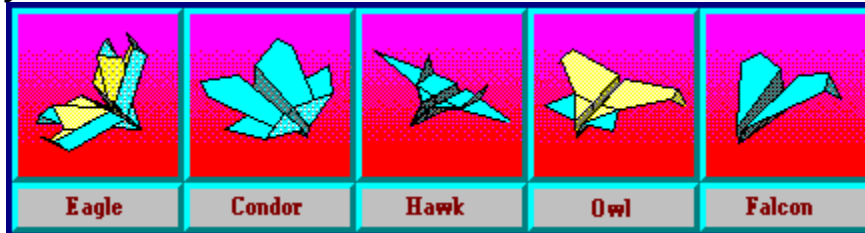

### Darts

### Gliders

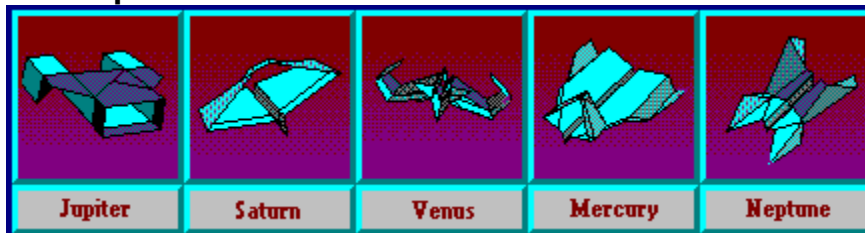

### Jets & Bombers

### SST's & Stealth

### Starships

## Windows Screen Saver

Windows screen saver module pops up when the computer is idle. An easy to use control panel allows you to control exactly how it looks when activated. The screen saver folds and unfolds all 25 different planes while your computer is idle.

## Pad of Printed Paper

All **50** plane designs already printed for you. Just tear off the design you are going to fold and start folding. It'll get you flying quicker!

## More Great Stuff...

Along with all the other great stuff (more planes, screen saver, and pad) it includes: **aircraft trivia** (in the software), **sound effects**, user's **hot card**, and an attractive **box**. Notification of upcoming new product releases and customer services which include a 24 hour-a-day BBS hot line and telephone **support**.
