INSTRUCTIONS

To have this file play when your Mac starts up, simply place the sound file (by itself) into your "StartUp Items" folder located in your System Folder. Close all windows and restart. When your extensions have loaded, the sound will play automatically! Any time you wish to stop the sound from playing, simply press the escape key when it begins.

This file was created by CLIXSOUNDS. It is 100% original. It may be freely distributed with this document. It is not to be altered or used in any way other than its intended use without the written consent of CLIXSOUNDS. © CLIXSOUNDS, 1995.
