INTRODUCING

You don't sit in silence.   Why should your Mac?

Take your Mac to new heights with a sound package that enables your Macintosh to play sounds for virtually any function of your computer! Imagine a sound playing when your Mac starts up, a different one when you empty your trash, another when you insert a disk, eject a disk, make a file copy, restart, shutdown....every function with a different sound!   Your Mac can even tell you when it's the top of the hour, 1/4 past, 1/2 past, or 1/4 'til the hour, and even chime the count of the hour!   This is a package that makes your Mac do all of this!

CLIXSOUNDMASTER is a full package that includes the NEW System 7.5/Power Mac-compatible version of CLIXSOUNDMASTER, plus great sounds by CLIXSOUNDS to match the functions!   You receive the disk with CLIXSOUNDMASTER and your choice of one of three settings files:

Here's a great set of sounds for all who have an AV Mac or a set of stereo speakers.   All of the sounds that come in this package are in STEREO! From an amazing startup sound, to a stereo chime at every hour, or even a stereo ZAP! for your system beep, this package is a great sounding choice.

he famous CLIXSOUNDS female voice from the' seductive startup line of CLIXSOUNDS greets you at startup, wishes you goodbye, thanks you for inserting a disk, tells you to 'come again soon' at shut-down, and more!   A perfect settings choice for everyone who loves the 'seductive startups!'

his is the coolest way to make your Mac sound like the future!   Imagine everytime you start your computer hearing a dark rumbling techno-type sound with a voice saying "Welcome...System StartUp Has Been Initiated." These sounds are very unique and a great choice for you cyber-punks!

erhaps the only downside of the of other sound programs of this type is the fact that they don't come with any sounds.   It can be a troublesome task to put together a complete package of sounds that fit every function of the program, but that's where CLIXSOUNDS comes in!   You won't have to do a bit of looking!

All CLIXSOUNDMASTER packages come with several sounds that will be preset to all of the essential functions that CLIXSOUNDMASTER provides. Each settings file comes with 15 sounds designed specifically for each function.   The package is very easy to install, maintain, and will be has been successfully tested on all Macs, even on Power PCs!

Get technical support and discounts on upgrades to new versions, new settings files, and on future CLIXSOUNDS products!   You can even obtain free extra sounds for use with your program from the CLIXSOUNDS WWW site at http://johnb.icon.net/clix/index.html .
