

Q Test

Give yourself this test, and will calculate your actual IQ within 5 points. The IQ Test quizzes your ability to reason and think logically in comparison to other people. There is a high correlation between the ability to think logically and the results of an IQ test. How logical are you?

action Diktafon

Diktafon records sounds to your hard drive and features a convenient built-in text editor. Diktafon is useful for transcribing or dictation purposes. In this all-in-one program, you can play, pause, rewind, and fast-forward the sound while typing into the built-in text editor, eliminating the need for separate sound- and text-editing applications. The text editor allows you to change the size and style of the text. It can save the text into the sound for later editing, and it has the ability to export the text for use in other applications. To run efficiently, this program must be copied to your Hard Drive.

retty Scroll

Pretty Scroll is a control panel which animates scrolling. When we 'scroll' a document, by clicking scroll bar or hitting page down, the document is not scrolled to the next page. It actually 'jumps' to next page. Sometimes it is hard to find the point where we were watching, especially near the end of the document. With Pretty Scroll, it is easier. Since the scrolling process is animated, we can follow the movement and find the last point easily. To run efficiently, this program must be copied to your Hard Drive.

RealtorRecords

This program for anyone who would like a simple way of keeping track of their clients. Customers and contacts. (attorneys, mortgage brokers, inspection contractors, etc.) Major features are Mail Merge, Three-Across & One-Across Labels, Multifind, plus more. To run efficiently, this program must be copied to your Hard Drive.

akeABreak

A control panel that reminds you to take a break from the computer once in a while... You can have it remind you after a selected time period (every 30 minutes, every 2 hours, whatever you choose) by playing any installed Sound, showing a window or playing a QuickTime movie! To run efficiently, this program must be copied to your Hard Drive.
