

# MINI - DB ver 1.0

## GIZMO Software

---

Unzip the file "**MINIDB.ZIP**" to the directory of your choice on any fixed drive. After the files are unzipped, you should have the following files on your hard drive.

**DEFAULT.CF\_**  
**MUSICCD.CF\_**  
**PHONE.CF\_**  
**MUSICCD.DA\_**  
**PHONE.DA\_**  
**COMMDLG.DL\_**  
**SETUPKIT.DL\_**  
**VBRUN300.DL\_**  
**VER.DL\_**  
**MINIDB.EX\_**  
**SETUP1.EX\_**  
**SETUP.EXE**  
**SETUP.LST**  
**CMDIALOG.VB\_**  
**INSTALL.WR\_**  
**MINIDOC.S.WR\_**  
**REGISTER.WR\_**

All these files must be in the same directory as **MINIDB.EXE**.

From **File Manager**, run **SETUP.EXE** to install **Mini-DB**. After the installation is complete, **SETUP** will install an icon into **Program Manager**.
