

## Nautilus Open House

Terry White, Hagerstown, MD, USA

Congrats! When Barb and I came out to your open house, of course we didn't know if it would be a waste of time or something we'd look forward to later. Well, let's just say...if we can, we'll meet all of you at Metatec next year, same time, maybe go to Chi Chi's too.

We were VERY impressed with your operations, the people with Nautilus, the meetings where we could bounce our suggestions off you, the information given to everyone, etc.

Good luck in your venture and we look forward to helping you develop and expand the CD ROM mag idea in the future!

Jeffrey Conroy, Richmond, KY, USA

I just want to thank everybody at Nautilus for the wonderful day I had. I left my wife at home and took a lot of slack for going, but you guys made it all worth it. I liked what I saw in the New Nautilus session I attended. I look forward to the fall when it will be released.

Thomas Clark, Powell, OH, USA

I just wanted to thank you all for the great Open House this last weekend. Everyone there seemed friendly and interested in seeing that we got to see and do everything to make the day worthwhile. I learned a lot -- mostly that I have a lot yet to learn! Keep the good stuff coming. The new format looks very helpful and I look forward to working with it.

Dave Linderman, Grand Rapids, MI, USA

Hi, back home after a long drive following your excellent Open House last Saturday. My wife and I really enjoyed the tour and technical sessions (well, she didn't dig the tech sessions, but she did meet other non-computer wives there). Nice, too, to put faces now with the names and also the voices. I immediately recognized the gal (I am terrible with names) who usually reads your letters section.

Randall Williams, Newark, OH, USA

I had the pleasure of attending your recent Open House. Thanks for the hospitality. You were gracious hosts.

### **From the Nautilus Team:**

**We had a great time meeting all of you at our Open House in June. We appreciate the comments you provided, especially regarding the new interface to be unveiled this fall. Whether you visited from near or far, we're glad to know the trip was worth your time.**

**If you couldn't attend, you'll find a multimedia recap this month in the Nautilus Services section.**
