ComputerWare/Software Demos: WizManager

WizManager will not install from the NautilusCD disc, Vol. 4-2. It is necessary to copy the WizManager directory to your hard drive and rename site\_lic.wri to site-lic.wri. Also, you will find a corrected version on NautilusCD Vol. 4-3, in the ComputerWare/Software demos section.

Desktop Media/Music & Sound/Audio Tutorial: PART3.AVI

The PART3.AVI video on page 6, titled "Sound on Your PC," does not play properly. It stops about one-quarter of the way through and does not resume again.

To force the movie to continue, press the forward button (to the left of the slide bar), drag the slide bar slightly ahead, then press the forward button again to resume playing the movie.

## **Vol. 4-6 Disc Errata**

NautilusCD Link was discontinued with Vol. 4-6. See the Feature section in ComputerWare and the Customer Service section in Subscriber Guide, of Vol. 4-6, for new ways to contact the NautilusCD Team online.
