

# **Manage Your Disks 97**

Welcome to MANAGE Your Disks v1.3. The document will provide a brief description of the program, system requirements, installation instructions, registration information, and author contact information.

## **Program Description**

### **What is it?**

MANAGE Your Disks 97 for Windows 95 is a 32-bit program that allows you to painlessly catalog the contents of diskettes, cd-roms, hard drives, and other media. The information is stored in a database, so you can quickly find what is needed.

### **Why do I need it?**

1. Time. It will save you mucho. No more need to thumb through a stack of diskettes, inserting each one until you find what you need.
2. Organization. Everything will be accessible in such a way that you can efficiently store data without a lot of duplication.
3. Prestige. Ok, maybe this is stretching it a bit, but your friends will definitely want MANAGE Your Disks 97 as well. Make sure they register it.

### **How does it work?**

MANAGE Your Disks 97 automatically reads the contents of any disk that is recognized by the operating system. You select the disk, press a button to log it, attach any user-defined values that you want to it, then save it in your master catalog.

## **Installation Instructions**

### **Windows 95 Installation and Start-up**

1. Click the Start button on the Taskbar.
2. Click Run
3. Type A:\SETUP.EXE or B:\SETUP.EXE as applicable
4. Follow the on screen instructions
5. To start the program, click the MANAGE Your Disks 97 icon in the Credit Card program group.

**NOTE:** *If you download the program from the Internet, on-line service or BBS, the program will be in a zip format. After unzipping the program choose FILE|RUN and type the drive and path where the file is located followed by **SETUP.EXE**. For example: **C:\TEMP\SETUP.EXE**. Then follow the on screen instructions.*

## **Registration Information**

MANAGE Your Disks 97 may be registered for a fee of \$30.00 plus \$4 shipping/handling (North America), \$8 shipping/handling (All Others). The program can be registered by completing the order form that can be accessed from the program Main Menu or by calling **1-800-257-7221** or faxing the completed order form to **770-591-4988**.
