Joy Stick

· To run ***Gunship!*** there must be a *Direct X* compatible sound card installed on your machine.

· Direct X 7.0 must be installed on your machine to run the demo.

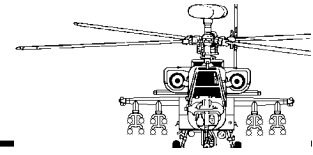

- Running ***Gunship!*** On the *minimum* spec machine (P2 266 32 Meg ram Windows95) will require a swap file of about 85 megabytes to run efficiently. This of course may decrease on higher end machines with Windows98 or more ram.... etc.

# GunShip !

An AirLand Battle System Game

2/21/23

MicroProse

- The *Gunship!* demo contains two flyable missions. The action mission is designed to show off the action flight model, where Men of Harlech mission is designed to be played in the simulation setting.
- Hit Q for in-game help.
- You must configure your machine to the desired settings before playing *Gunship!*
