

How to register Powertweak

The price of the registered version is \$30 (30 USD).
Registered users get free updates.

Please use the online registration as much as possible, as I don't have much time to process all registrations requests myself... thanks in advance :)

Note : *No disks can be shipped*, all files have to be downloaded from the Internet.

I - Secure Internet Registration

Go to the powertweak site <http://www.powertweak.com> and follow the instructions, this is quite easy to do, and you can get the software immediately after purchase. The price is 30 USD (\$30) for the online version.

II - Phone, Fax, or Mail orders

You can choose to send **phone**, **fax** (toll free number) or **mail** orders to the Register Now, which handles powertweak sales (Checks and credit cards are accepted by Register Now).

Please make checks out to Universal Commerce, inc. and specify the product id in all cases : 1818-1.
It is *required* that you send your email address in your fax, or mail order, because registration information is delivered by *email only*.
