for Windows

Licence agreement (for the registered version)

Licence

This software underlies the copyright terms. The registering of this program only allows to make a security copy for your own use.
This software may be used by any number of persons, but it may not be installed on several computers at the same time. This counts for networks, too.
There may only be as many installations of **LoKon** on your computers, as you have licences. In all other cases you offend against the licence agreements.
You are allowed to use all versions of **LoKon**.

More advice

You may transfer all rights on this software to another person, if you also transfer the whole software and all copies and licences. This includes all copies in the computer´s memory, disks and the security copies. Notice that the software may only be used under consideration of the copyright-agreements. Except for this, the software may not be transmitted in any form, rent out, lendering, unlicenced transmitted to other persons. It is not allowed to modify, decompilate or deassemblate this software. All not mentioned rights in this licence belong to the author.

Restriction

The author isn't liable for any damages, originated from running the program **LoKon**.
