Vendor Warranty.

Without regard to how you obtained this software, you may NOT sell or INCLUDE copies of this Shareware product on a CD-ROM or other type of package produced by any user group, commercial library, or any profit or non-profit making organisation; nor may it be distributed with or used as an incentive to buy any other product, without obtaining the express written permission of the author Stephen Cullen. **This is to help ensure that you will be regularly supplied with updates to the program as an when new releases become available.**

This software may not be sold for more than £5, or distributed if the date on the TAPEMATE.EXE file it is more than 18 months old.

The program and location of files on the disk MUST not be modified or adapted in any way. Individual files or groups of files may not be sold separately. Additional files may be added to disks containing this software, however this software may not be integrated into or included as a part of any other software.

Finally... This software should only be represented as Shareware, with the shareware concept clearly explained in any ad or catalogue in which TapeMate is listed. It should also be made clear that with shareware an addition registration fee is required, if users continue to use the software.

Please contact the author if you have any special needs or specific requirements you wish to discuss.

CompuServe Users.

TapeMate can also be registered via CompuServe. To register GO SWREG Select the 'Register Shareware' option. Search by Author ID: **100046,2157** or Registration ID: **6915**. This will take you to the appropriate program. CompuServe will guide you through the rest! You will be automatically billed $15 + $8 handling (service fees, etc.) on your next CompuServe bill.

Once you have registered, I will be notified immediately with your details. Usually within 2-3 days you will be sent an Email. This is to acknowledge receipt and provide notification that the goods have been dispatched to you.

Upgrading from TapeMate to Datarec.
An upgrade to Datarec from the Registered version of TapeMate will cost £15.00 ($25.00) plus the usual P&P options. When upgrading you must include your original TapeMate disk or supply your TapeMate User Registration Number, which would have been supplied to you when you registered. If you are unsure what this number is check your About Dialogue in TapeMate. This upgrade can be made via CompuServe's Registration ID number for this upgrade is **10694**.
