

## Microsoft Technical Support

In the event you have a technical question about Microsoft Visual Basic, first look in the online documentation. You also can find late-breaking updates and technical information in the ReadMe that came with your product compact discs.

If you still have a question, Microsoft offers **technical support and services** ranging from no-cost online information services, to annual support plans with a Microsoft technical engineer. Please note: The services and prices listed here are available in the United States and Canada only. Support is subject to Microsoft's then-current prices, terms and conditions, and is subject to change without notice. Outside the United States and Canada, services and prices may vary. Contact the local Microsoft subsidiary office in your area. Microsoft has **subsidiary offices** in Africa, Asia and Europe, as well as in North, Central, and South America.

## **Choose the Support Option that's Right for You**

### **Microsoft Primary Support**

A wide range of complimentary, high-quality technical services and resources, direct from Microsoft, for everyone from the individual to the corporate customer.

### **Microsoft Priority Support**

For the individual, developer, or corporate customer who is using, deploying, or supporting Microsoft products, or is developing solutions based on Microsoft products. Priority Support offers priority telephone access to senior technical engineers 24 hours a day, 7 days a week, excluding holidays, in the U.S. In Canada, the hours are from 8:00 a.m. to midnight, Eastern time, 7 days a week, excluding holidays.

### **Microsoft Premier Support**

For the enterprise business customer requiring customized, contractual technical support, technical account management, and technical services direct from Microsoft. Premier Support is a component of Microsoft Service Advantage, a full suite of Microsoft direct and partner technical services developed for the enterprise customer.

### **Technical Information Subscription Products**

For the developer or for the individual or business responsible for technical support, who would like to purchase additional Microsoft support products to access an even greater source of premium Microsoft support information.

### **Third-Party Support Options**

For the corporate customer, developer, or individual responsible for technical support who requires multivendor integration and large-scale deployment, Microsoft has developed a variety of strategic alliances and partner programs with third parties that offer everything from initial consulting to maintenance and Help desk support for complete solutions.

### **Other Microsoft Services**

For information on customer service and text telephone phone numbers for the deaf.

### **Microsoft Worldwide Subsidiaries**

For information on how to obtain Microsoft Technical Support outside the U.S. and Canada.

## **Microsoft Primary Support**

Microsoft Primary Support is available for everyone, from the individual to the corporate customer, and provides the following complimentary, high-quality technical services and resources direct from Microsoft:

### **Primary Support: Online**

For those with Internet access Microsoft offers a large number of resources including technical articles, newsgroups, and bug reporting.

### **Primary Support: Complimentary Phone Support**

For those who prefer speaking to a Microsoft engineer you may be eligible for complimentary phone support depending upon the edition of Visual Basic you have and how you obtained it.

### **Primary Support: Other Technical Information Resources**

For those who do not have Internet access Microsoft offers some alternative methods of obtaining technical information such as the FastTips Fax Service and the Microsoft Download Service.

### **Other Support Options**

## **Microsoft Primary Support: Online**

Microsoft online support is available on the World Wide Web at <http://www.microsoft.com/support/>. Online support uses Microsoft's own cutting-edge technology to help you access the most relevant technical information and resources to answer your support questions. Online support helps you get the answers you need, quickly and easily through the following features:

### **Support Wizard**

Get step-by-step guidance on how to find the information most relevant to your support question.

### **Support Directory**

Learn about the complete range of innovative technical support services available from Microsoft and its strategic partners.

### **Microsoft Frequently Asked Questions**

Get quick answers to the most common technical issues on your Microsoft product.

### **Microsoft Knowledge Base**

Access a comprehensive collection of more than 70,000 detailed articles with technical information about Microsoft products, bug and fix lists, and answers to commonly asked technical questions.

### **Feature Articles**

Stay current on the latest technical issues and solutions with articles selected by award-winning Microsoft technical engineers.

### **Troubleshooters**

Take advantage of cutting-edge technologies that help you diagnose and solve technical problems quickly and easily.

### **Drivers, Patches, and Sample Files**

Choose from hundreds of free software add-ons, bug fixes, peripheral drivers, software updates, and programming aids for easy downloading at your convenience.

### **Newsgroups**

Share information with a worldwide community of other Microsoft customers, technical experts, and hundreds of Microsoft-selected Most Valuable Professionals.

### **Web Response**

Conveniently submit support requests via the Web. Available for developer and Office developer products only.

### **Bug Reporting and Feature Requests**

You can report bugs and submit feature requests via the web at <http://www.microsoft.com/support/feedback> – This page can be accessed directly, or by pressing the “write us” button at the top of <http://www.microsoft.com/support>.

### **Visual Basic Information**

Additional Visual Basic information can be found on the Visual Basic product page of the Microsoft web site at <http://www.microsoft.com/vbasic/>.

### **Primary Support: Complimentary Phone Support**

### **Primary Support: Technical Information Resources**

### **Other Support Options**

## **Microsoft Primary Support: Technical Information Resources**

If you don't have access to the Internet or you are more familiar with phone, fax, modem, or mail, Microsoft Primary Support offers additional technical information resources beyond the World Wide Web.

### **Microsoft Download Service (MSDL)**

Gives you access to Microsoft's electronic technical library containing sample programs, device drivers, patches, software updates, and programming aids. The service is available 24 hours a day, 365 days a year. Direct modem access to MSDL is available in the U.S., by dialing (206) 936-6735. Connect information: 1200, 2400, 9600, or 14400 baud; no parity, 8 data bits, and 1 stop bit. In Canada, dial (905) 507-3022; connect information 1200 to 28800 baud, no parity, 8 data bits, and 1 stop bit.

### **Microsoft FastTips**

An automated toll-free telephone service that gets you quick answers to common technical questions as well as technical articles by telephone, fax, or mail. To access FastTips or to receive a map and catalog, call (800) 936-4300 on a touch-tone telephone. You can use the following keys on your touch-tone telephone after you reach FastTips:

<b>To</b>	<b>Press</b>
Advance to the next message	*
Repeat the current message	7
Return to the beginning of FastTips	#

### **Primary Support: Online**

### **Primary Support: Complimentary Phone Support**

### **Other Support Options**

## **Microsoft Primary Support: Complimentary Phone Support**

If you still need answers to your technical questions, Microsoft Primary Support provides complimentary, no charge, toll charge, phone support, depending on how you acquired your product. You may have acquired Microsoft Visual Basic individually or as part of the Microsoft Visual Studio Professional or Enterprise Edition. Your complimentary support will be provided as follows:

If you acquired **Microsoft Visual Basic Enterprise Edition** or **Microsoft Visual Basic Professional Edition** individually, you will receive a total of two (2) free support incidents for development issues with this particular product. In the United States call (206) 646-5105, 6 A.M. to 6 P.M., Pacific time, Monday through Friday, excluding holidays. In Canada call (905) 568-3503, 8:00 A.M. to 8 P.M., Eastern time, Monday through Friday, excluding holidays.

If you acquired the free **Microsoft Visual Basic Control Creation Edition**, you do not receive free support incidents for development issues with this particular product. However, you can reach Microsoft Technical Support through the paid support options offered by **Microsoft Priority Support**.

If you acquired this product as part of the **Microsoft Visual Studio Professional Edition**, you will receive a total of two (2) free support incidents for this Edition for development issues involving any of the individual products. In the United States and Canada, please call (206) 635-7012, 6 A.M. to 6 P.M., Pacific time, Monday through Friday, excluding holidays..

If you acquired this product as part of the **Microsoft Visual Studio Enterprise Edition**, you will receive a total of four (4) free support incidents for this Edition for development issues involving any of the individual products. In the United States and Canada, please call (206) 635-7012 , 6 A.M. to 6 P.M., Pacific time, Monday through Friday, excluding holidays.

In the United States and Canada, complimentary technical support is available at the numbers listed above, 6:00 A.M. – 6:00 P.M. Pacific time, Monday through Friday, excluding holidays. When you call, you should be at your computer and have the appropriate product documentation at hand. Be prepared to give the following information:

- ▶ The version of the Microsoft products you are using.
- ▶ The type of hardware currently in use.
- ▶ The operating system currently in use.
- ▶ The exact wording of any messages that appeared on your screen.
- ▶ A description of what happened and what you were doing when the problem occurred.
- ▶ A description of how you tried to solve the problem.

You can also submit your two, complimentary, no charge incident requests via the Web instead of by phone. This service is available to Microsoft customers in the United States and Canada only and covers English-language versions of development and office developer products. For more information, please connect to **<http://www.microsoft.com/support/webresponse.htm>**.

Please Note: If your Microsoft product was pre-installed or distributed with your personal computer or provided by an Internet Service Provider (ISP), the personal computer manufacturer or ISP is responsible for providing your product support. Please contact the manufacturer or ISP from which you obtained your Microsoft product for support information.

**Primary Support: Online**

**Primary Support: Technical Information Resources**

**Other Support Options**

## Microsoft Priority Support

With Microsoft Priority Support, you can purchase the support you need, whenever you need it, 24 hours a day, 7 days a week. Microsoft Priority Support can be purchased annually in sets incidents or you can pay per incident. In addition to round-the-clock access, Microsoft Priority Support includes the following:

**Priority Response** jumps you to the head of the queue and provides access to senior technical support engineers.

**WebResponse** allows you to submit service requests via the World Wide Web to Microsoft support engineers who receive the requests and work with you to resolve your technical problem. To submit service requests using WebResponse, go to <http://www.microsoft.com/support/> and use the Priority Web response pointer. You will need your Priority account number to submit your request.

To purchase Microsoft Priority Support for development issues involving all Microsoft products, you can chose from the following options:

In the U.S. and Canada, to purchase Priority Support **per incident** for a fee of US\$95, call (800) 936-5800, 24 hours a day, 7 days a week. In the U.S. only, you can also call (900) 555-2300. Support fees for the 800# calls will be billed to your VISA, MasterCard, or American Express credit card. Support fees for the 900# calls will appear on your telephone bill.

In the U.S. and Canada, to purchase an **annual contract** of incidents, or for more information on Priority Support call (800) 936-3500, 6:00 A.M. - 6:00 P.M. Pacific time, Monday through Friday. Technical support is not available through this number.

In the U.S. and Canada to purchase phone-based, **hourly** consulting to proactively help you find problems before they occur, call Consult Line at (800) 936-1565 at \$195/hour (min 1 hour).

## Other Support Options

## **Microsoft Premier Support**

Microsoft Premier Support gives you proactive support planning and problem-resolution for Microsoft products, with rapid response times — including immediate, server-down response, 24 hours a day, 7 days a week — and special consulting and planning services. Microsoft Premier Support is part of Microsoft Service Advantage, a suite of offerings combining direct services from Microsoft with established enterprise service partners, for a total solution for the enterprise customer. For more information on Service Advantage and Microsoft Premier Support, please call (800) 936-3200.

### **Other Support Options**

## **Technical Information Subscription Products**

If you are responsible for technical support for a company — from small business to the enterprise customer — or you are a developer, you may want to purchase additional Microsoft support products to access an even greater source of premium Microsoft support information.

### **Microsoft TechNet**

The comprehensive CD-ROM information resource for evaluating, implementing, and supporting Microsoft business products. A one-year subscription to Microsoft TechNet delivers two CDs every month with more than 150,000 pages of up-to-date technical information. To subscribe to Microsoft TechNet, see your local authorized retailer, or call (800) 344-2121.

### **Microsoft Developer Network (MSDN) Library Subscription**

The comprehensive source of programming information and toolkits for those who write applications for the Internet, Windows, Windows 95, or Windows NT, or for those who use Microsoft products for development purposes. To subscribe to MSDN, call (800) 759-5474.

## **Other Support Options**

## **Third-Party Support Options**

If you have an existing sales or support relationship with another organization, need multivendor support, or prefer an alternative to obtaining support directly from Microsoft, you can choose from a variety of authorized Microsoft support providers.

### **Microsoft Solution Provider Program**

Microsoft Solution Providers are independent developers, consultants, and systems analysts that offer fee-based technical training and support, industry knowledge, objective advice, and a range of value-added services to companies of all sizes. For the name of a Microsoft Solution Provider near you, in the U.S., call (800) 765-7768, 6:30 A.M. - 5:30 P.M. Pacific time, Monday - Friday, excluding holidays. In Canada, call (800) 563-9048, 8:30 A.M. - 6:30 P.M. Eastern time, Monday - Friday, excluding holidays.

### **Microsoft Authorized Support Centers**

A select group of strategic support providers who offer quality, cost-effective, customizable support services that span the complete life cycle of planning, building, and managing your open environment. For more information on the ASC program, in the U.S., call (800) 636-7544, 6:00 A.M. - 6:00 P.M. Pacific time, Monday - Friday, excluding holidays. In Canada, call (800) 563-9048, 8:30 A.M. - 6:30 P.M. Eastern time, Monday - Friday, excluding holidays.

## **Other Support Options**

## **Text Telephone**

Microsoft text telephone (TT/TDD) services are available for the deaf or hard-of-hearing. In the United States, using a TT/TDD modem, dial (206) 635-4948 between 6:00 A.M. and 6:00 P.M. Pacific time, Monday through Friday, excluding holidays. In Canada, using a TT/TDD modem, dial (905) 568-9641 between 8:00 A.M. and 8:00 P.M. eastern time, Monday through Friday, excluding holidays.

## **Other Support Options**

## **Microsoft Customer Service**

For customer service issues on Microsoft products, upgrades and services, you can call the Microsoft Sales Information Center at (800) 426-9400 in the United States. In Canada, call (800) 563-9048. Technical support is not available at this number. Microsoft **Text Telephone** (TT/TDD) services are available for the deaf or hard-of-hearing. In the United States, using a TT/TDD modem, dial (800) 892-5234. Outside the United States, contact your nearest Microsoft subsidiary.

## **Other Support Options**

## **Microsoft Technical Support Worldwide**

If you are outside the United States and have a question about a Microsoft product, first:

- ▶ Check the online documentation included with your product.
- ▶ Check the ReadMe files that came with your product disks. These files provide general information that became available after the books in the product package were published.
- ▶ Consult electronic options such as the Internet, CompuServe forums, or bulletin boards, if available.

If you cannot find a solution, you can receive information on how to obtain product support by contacting the Microsoft subsidiary office that serves your country.

**Calling a Microsoft Subsidiary Office**  
**Other Support Options**

## **Calling a Microsoft Subsidiary Office**

Microsoft subsidiary offices and the countries they serve are listed in **Worldwide Microsoft Subsidiaries**. If there is no Microsoft subsidiary office in your country, please contact the establishment from which you obtained your Microsoft product.

When you call your local Microsoft subsidiary, you should be at your computer and have the appropriate product documentation at hand. Be prepared to provide the following information:

- ▶ The version of the Microsoft product you use;
- ▶ The type of hardware you use, including network hardware, if applicable;
- ▶ The operating system you use;
- ▶ The exact wording of any messages that appeared on your screen;
- ▶ A description of what happened and what you were doing when the problem occurred;
- ▶ A description of how you tried to solve the problem.
