Print/Save FLIGHTCHECK® Report

After a document has been scanned you can select "Print Report…" from the File menu and the FLIGHTCHECK® Report dialog will appear.

You can select which elements you would like to include in your report by checking the appropriate boxes.

For colors, fonts and images you can also select which particular "View" you would like to use for the report.

Detailed Usage
Check the Detailed Usage box to print or save the attribute icons for colors and images.

Include Legends
Check the Include Legends box to include in the printout the attribute icons legends for colors and images.

Save Report
Click the Save button to write the report to a text file. This file can then be opened and viewed by various word processors or spread sheets (although you will probably need to manually adjust the various tab settings or columns).
