This month, Apple Wizards bids farewell to Erica Marceau. We'd also like to welcome some new staff members — Pete Burkindine and Jeff Frey. Pete will write reviews and Jeff will take over HTML ToolBox. Aaron Linville is also fairly new and serves as the Curator of Apple Seedlings at <http://applewizards.net/seedlings/> . Welcome to Apple Wizards, guys! We're glad to have you aboard!

Also, SiteLink will be producing a full-color 18x24" poster that will feature the logos of all your favorite Mac web sites, and you can help select the sites! Read more in From the Desktop or visit
