

CM32 REGISTRATION INFO

This is an unregistered copy of CM32 so it has limited features.

You can use it for 15 days. After that period , if you want to continue using CM32 , you must purchase the registered copy.

10 GOOD reasons to register CM32 :

1. The registered version contains a complete chord database. (over 2400) chords...
1. The registered version contains more scales...
1. The registered version has full on-line help...
2. The registered version is able to save new documents (chord sequences , licks...)
3. You will not have to see that ugly screen at startup...(you will never see the `UNREGISTERED' word !)
4. The use of shareware programs after its expiration date is ILLEGAL and IMMORAL
5. You will support the shareware concept.
6. You will be blessed with good karma.
7. You will learn more things about guitar playing...
8. I will be encouraged to develop new versions of CM32...
