

The
GREAT
MONEY
GRAB

WONDERBOX**MEDIA**

Introduction

The Great Money Grab is a trivia game, playable on the Pocket PC platform.

This fast paced trivia game can be played in single and two-player mode.

In single player mode, it's you against the clock. Simply choose a category, and answer four questions correctly to be placed in The Great Money Grab, where dollars fall from the sky, and into your wallet.

In two-player mode, players compete to answer questions correctly and earn the most money.

Object of the Game

A player collects money by answering questions in six possible categories.

In VS. mode, players take turns answering questions in a category, and when an entire category is completed successfully the player goes on to The Great Money Grab.

When playing The Great Money Grab bonus round, dollar bills will fall from the sky. Your goal is to catch the falling bills by tapping on them with your stylus before the clock runs out.

Total time available during the bonus round depends upon how quickly you answer the questions within your selected category.

Menu Options

The directional pad, when pushed inwards, will bring up a menu, allowing you to quit the program, end the current game, read the directions, or assist you with help.
