just in time to get you ready for a long, frosty winter...

# WinterFrost Blue

A scheme for Kaleidoscope 2.1
by Sven Berg Ryen

<http://www.geocities.com/SiliconValley/Pines/9346/>

Featuring:
• 32 bit smoooth gradients
• uniquely colored menus and scroll bars
• progress bars with cool, frosty gradients
• MacOS 8.5 support
• Fast and small, thanks to the powerful K2 scheme engine!

Coming in the next version:
- Folder icons
- More interface objects will be cool and frosty
- Arrow cursors
- And more....

Special thanks to:
• Albie Wong for all his Kaleidoscope 2 schemes
• Taetia Zysshe for once again coming up with a scheme name that was much better than mine
• Mike Robinette for all his Pink Elephants
• Mihai Parparita for Clip2Cicn
• Eric Reid for the Kaleidoscope Scheme Archive and much more
• Greg and Arlo for a the best interface utility ever created.

oh.. and Taetia once again, for making me patch the "scrollies".
