Runner v1.0 Shareware Installation Notes

Thanks for trying Runner...

On the shareware installation diskette you will find the following files.

RUNNER.EXE : The Runner Program
RUNNER.HLP : The Runner Help File
RUNNER.DAT : The Runner Sample Game

LEVEL01.MID : Runner Music file
LEVEL02.MID : Runner Music file
LEVEL03.MID : Runner Music file

README.WRI : This File

BBS.TXT : A text file description of **Runner**JOYSTICK.ZIP : Windows Joystick Driver (compressed)

To install the shareware version of **Runner**, copy all of the files, except JOYSTICK.ZIP to the desired subdirectory on your system.

The JOYSTICK.ZIP file contains the files necessary to use a joystick from within Windows. This is a Microsoft supplied, but unsupported, driver and is optional. If you have a joystick connected to your system and do not already have a vendor suppplied joystick driver, unpack JOYSTICK.ZIP to a floppy disk and follow the instructions contained within to install the driver.

Runner makes no modifications to your WIN.INI file.
