

## **MULTIMEDIA Home Database Recipe Manager**

This MHD format is designed to help you keep track of your recipes. Use the database fields for the information describing the recipe, such as:

The name of the recipe.

What type of food this is (chinese, french, american, etc.)

If this recipe is for a special occasion, such as Christmas, Easter, birthdays. etc.

If there is a person who particularly likes this recipe, enter their name. That way you can quickly find anyone's favorite recipe(s).

Use the memo for entering the ingredients and instructions for the recipe. You can get to the memo screen through the View Menu.
