

Product Code: CBJN305

Welcome

This CD offers you a ***Trial Version of the Demon Internet Suite***, featuring ***Turnpike v3.03***, the latest version of our Internet access software for Windows - together with Microsoft Internet Explorer v3 for browsing the Web.

This trial version offers both a FREE edition of the software and a 30 day FREE trial of Demon's Internet service.

To install:

- * Run Microsoft Windows on your PC (if this is not already running).
- * Load the CD and run the **setup.exe** in this directory.
- * Then follow the instructions on the screen, and where in doubt, consult the Help.

Then use the Readmes and the Help files installed alongside the program files to find out about the facilities the different programs offer.

Note: If you are already using Turnpike, this is not an upgrade for your existing software.
