

Adding Clipart to your business card can give it a more professional look, in no time at all.

1. Click File menu, Import, or [click here](#).
2. In the List Files Of Type box, choose Corel Presentation Exchange 6.0 (CMX).
3. Go to the COREL/  
DRAW70/TUTORS/DRAW  
folder.
4. Select PC.CMX, then click Import.
