

In this Tutor, you will learn how to create simplistic gold lettering. The first step is to add some text.

[Click here](#) to add some text automatically.

1. Select the text using the [Pick tool](#).
2. Click Effects menu, Contour, or [click here](#).

3. Enable the **Outside button** in the Contour Roll-Up, type 0.2 inches in the Offset box.
4. Type 1 in the Steps box, then click Apply.
