

Finally, you're ready to print to file.

1. Click File, Print.
2. Choose the drive and folder where you want the .PRN file saved.
3. Type a name for the file in the File Name box.
4. Click the Save button.

Now, give the .PRN file to your service bureau. The file will probably be quite large, so send it by modem, or use a high capacity storage medium such as a CD-ROM.
