

The Scrapbook's Clipart section provides easy access to all folders and files on the Clipart CD. To add clipart to the Drawing Window, you just find the item you want, then drag and drop it onto the Drawing Window.

1. Double-click the Clipart folder to display folders for each of the clipart categories.
2. Double-click any folder to display the clipart it contains. You may have to repeat this step if the folder contains more folders.
3. Drag any clipart icon onto the Drawing Window.
