

## Complete Works Lite 2 for Windows 95

This is a fully working version of Complete Works 2, which will last you approximately 30 days. It works with both Windows 3.1 and Windows 95 giving you support for **Windows 95 long file names** and **Send Mail**.

Use the built-in tutorial to get you started and you can create and save real work with this Lite version with very few restrictions. Then later on if you decide to upgrade to the full Complete Works you can carry on working with the documents you created in the Lite version.

**The full version has these extras over Lite:-**

- large UK spellchecker and thesaurus
- comprehensive context sensitive help
- import/export filters for popular document formats
- 100 truetype fonts on CD
- 1,000 WMF clipart images on CD
- interactive online manual on CD

Call **07000 TOPLEVEL** (01453 753955) with any queries.

Readers can buy it on CD for just £9.99 + postage, saving them £20 off the normal £29.99 price.
