### CATCHPHRASES:

Listen with Mother began with *Are you sitting comfortably?*. This carried on as a T.V.series called *watch with mother*, which included Andi Pandy, rag tag and bobtail and Larry the lamb.

*Hi there pop-pickers* was Alan Freeman's catchphrase. He was a radio one DJ, other DJ's of that time included Noel Edmonds and Tony Blackburn. Tony Blackburn was the first person to play a record on radio one when it was first launched.

Tommy Cooper used to say *Just like that*.

He used to wear a fez. He pretended to be the worst magician, but he actually received the highest accolade in the magic circle. He also made a film with Eric Sykes called the plank. He died on stage of a heart attack in the 80's.
