

Maverick Launch Centre V1.1

Network License application

01 March 2023

Fill in this form, print, sign, enclose a cheque and send to **FREEPOST Cathonian Software**, if, and only if, you wish to purchase a copy of CUSTOMER.DLL for use on a network server.

Delete all blue text prior to printing

Organisation

[enter your organisation's name and address here]

Contact : [enter a contact name, phone number / fax number here]

Network License Requirements

	Volume ID	Modifier	Client Limit
License 1:	ABCDEF12	00000002	50
License 1:			
License 2:			
License 3:			

The Volume ID and Modifier are found on the Registration page of the Universal Dialog. If the Modifier = 0, you may leave its entry blank. For each server license, you will be issued with a network code as well as a file called Customer.DLL The network code is dependant on the Volume ID, the Modifier and the Client Limit. Once the network code has been entered, you will be able to transfer your network license if you wish to do so.

Custom Edition Requirements

[enter no more than two lines of text, or you may leave this blank]

In the box below the flag on the about/start-up screen, one or two lines of text may be displayed. If there are two lines, the first is displayed using a small font. The second, or only line is displayed using a larger font. If the requested edition details will not fit, they may be sensibly modified e.g. "Company" may be abbreviated to "Co." If this is not possible, confirmation of changes will be requested by phone or fax.

I have enclosed a cheque for [enter price here] made payable to **Cathonian Software**.

[enter name of signatory here]

Signed on behalf of [enter your supervisor's name if appropriate]

How to calculate the price (The registration code for the server itself is free.)

1. Companies

There is a basic charge of £50.00 per license. Each client then costs an additional £7.00. The minimum charge is £100.00.

e.g. a 15-client licence costs £155.00.

2. Charitable organisations & educational establishments

The basic charge is still £50.00 however this may cover two licenses. The price per client is £5.00 rather than £7.00. The minimum charge remains £100.00.

e.g. you may buy two licenses each with a client limit of 25 for a total of £300.00

However, until 1st April 1999, schools may purchase a 100-client license for just £100. Indeed, for this price, a school may purchase two licenses with a total of 100 clients.

3. VAT

For an introductory period, VAT will be absorbed by Cathonian Ventures Ltd. i.e. the prices above may be considered inclusive of VAT. This period will end on or about 1st April 1999 or when the first major revision is released (likely to be denoted *Version 1.5*), whichever is sooner. During this period, no VAT receipts will be issued.
