Each Software of the Month Club® CD-ROM will NOW include a selection of program cateogies from our popular SRI list.   In addition to the normal selection of software from our Games, General Interest, Kids and DTP clubs you will now recieve programs from the SRI.   What this means is that you can be assured that when you use a program from the SRI you know that it is the highest quality.   Why?   Because the SRI is a list of our most popular software.   Below is a list of topics and descriptions in   this months issue.

General Interest

Font Utilities

BitFont
Creates a bit-mapped font from any font file.

DeBNDLer
Speeds up Desktop rebuilds and open times.

Font Clerk
View and obtain statistics on system fonts with this utility.

Font Whiz
Views fonts in any point size. Checks font I.D. numbers.

Styler
Print style sheets of your fonts.

Startup Downloader
Create "download sets" of laser fonts upon startup.

The FONDler
Screen font management utility.

TTConverter
Convert IBM TrueType fonts into Mac TrueType fonts.

Graphic Utilities

3DEdit
Create and animate three dimensional models in this easy to use modeler.

Image Catalog
Image cataloging program.

Imagery
Converts Atari ST, Amiga, IBM, and UNIX files into Mac compatible TIFF files.

Kudo Image Browser
Catalog your image files using mini thumbnails of your photos.   A must have for the clip art collector.

Lyapunov
Generate beautiful Lyapunov fractals with this application.

NIH Image
Image processing and analysis program.

POVRay
Generate incredibly realistic stills and animations with this full-featured, script-based ray tracer.   Extensive documentation and examples are included.

STUDIO CRAFT
Drawing program for the average computer user.   Create brochures and slide shows. Use up to 32 million colors with page sizes up to 9 feet.

Terrainman
Generate three dimensional objects for use in CAD and raytracing applications from PICT graphic files.

Icons

Icons
Use the "Get info" item in the finder's File menu to copy and paste these icons and customize your Mac's environment.

Games

Casino/Card

Ataxx
Strategy lovers will find hours of enjoyment in this variation of Othello.

Card Table
A collection of three solitaire games; solitaire, solitaire alternate 1, and double solitaire.

Deuces Wild
Shoot for a Royal Flush or Five-of-a-kind in this variation of poker where deuces are wild.

Euchre
Euchre is a card game. The object of the game is to be the first team to get ten points.

Gin Rummy
Outscore your opponent in this card game.

MacDraw Poker
A rendition of the poker game five-card draw. Just like the video poker machines in Vegas.

MacMines
This Macintosh version of Mine Sweeper teaches strategic thought while entertaining.

MacSlot
Play a slot machine in the comfort of your own home.

Seahaven Towers
A game of solitaire with a twist!

Super Dice-It
Players attempt to make the best of each roll of the dice in this Yahtzee clone.

Tablin
The object of Tablin is to be the first to accumulate 52 points. You get points by taking cards that are worth points. You can also get points at the end of the round.

Kids

Miscellaneous

Bar Codes
Provides detailed information about the formats of many common and not so common uses for bar codes.

Big Science
Wander through a bizarre world of surreal images, where a twist of a bathtub handle can bring you into another universe.

Darts
A safe way for children to play darts.

Finger Helper!
Sign language.   Entertaining and educational.

Gabriel's Coins
Teaches children to make change.

Kid's Game
Children are to point to a picture and the computer will say which object they selected.

MacAtom
Application for making realistic pictures of atomic structures.

MacLIBS
Create your own stories. Add nouns, verbs, adverbs, etc.
