## 1.6 The topics

The topics of the MECOMP BBS.

~~~~~

Besides a big range of various nets, the MECOMP BBS also offers fileareas for Amiga, Mac, PC and PSX/N64.

In addition,we have areas for pics, anims, sound modules and samples of all kind. The main point lies definitely at the AMIGA area

There is also a great area for Science Fiction with pictures, amims, samples, infos....

Actual Amiga scene demos you will find of course,too!

Besides all that, there`s also support for the MECOMP GmbH.

1.7 The costs ?!

Fees ?!

~~~~~

None !

~~~~~

Besides the telephone costs.And they`re high enough,we think...
(If you have too much money, write too · FIC · :-)
