

Chiron, Version 2.4, the Problem Reference Manual for the Macintosh

Released on August 14, 1995

Welcome to the online Macintosh problem reference manual, Chiron. This application allows you to look up:

- Macintosh System Error Codes
- Newton Error Codes
- Sad Mac Error Codes
- Virus Listings
- Trojan Listings
- Crash Recovery Strings

For more information, go to the specific chapter of your interest under the "Chapters" menu.

To find a specific I.D. code, virus, or Sad Mac code quickly, use the Find command under the File menu.

To see how Chapters are broken up, or to jump to specific sections, press Command-K.
