This program is released as shareware. You are entitled to use this program on a trial basis for 30 days. At that time you must pay the registration fee of \$7 or remove Spell Tutor from your computer (or pass it to a friend who might need its features). Upon payment of the modest registration fee, you will receive a code which will allow you to register your copy and remove these annoying shareware notices.

Spell Tutor is true shareware in that this copy is not disabled or time bombed in any way. We hope you find it useful. If so, please respect the shareware concept and register your copy.

Bonus: Receive a FREE copy of the MACsonian CD-ROM from National Home and School MUG with your paid registration. This CD-ROM contains hundreds of shareware and freeware Macintosh applications.
