ONLINE HELP

Help is available from within the Spell Tutor application by choosing "Help" from the pple Menu.

REQUIREMENTS

Spell Tutor 1.1 requires:
>	A color monitor
>	A Macintosh sound input device (such as the small round mic that comes with some systems.
>	At least 2 Megs of free RAM (if the application has trouble with larger files, increase the memory allotted to the program in the get info window.)

SHAREWARE NOTICE

Spell Tutor 1.1 is shareware. Please pass the application and sample files to anyone who may be interested. When you pay your registration fee you will receive a code which will remove the shareware notices.

Special Bonus: Registered users will receive a free copy of the MACsonian CD-ROM provided by National Home and School MUG. This disk is filled with hundreds of useful freeware, shareware applications and templates.

To register your copy, send $7 to:

Roger Clary
