ShopKeeper Manager

Program interface

Use this program to access SK AutoBill, a business module included in this Volume.

The modules are a series of interconnected applications for businesses. This interface is built around the belief that all information should be in one database, but each department should only have access to relevant information.

- * Single click access to other modules

- * Centralize password maintenance
 - * Simplifies database management
- (Application by ShopKeeper Software; Password is mn)
