

## Simulations

### DogFight City

#### High-flying adventure

Take to the skies with this beautiful flight simulator. It has a realistic cockpit view and excellent controls. Center your stick, increase the throttle and head for the skies.

- \* View a quick replay of your flight

- \* Realistic flight controls

- \* Track your flying statistics

(Application by Donald A. Hill, Jr.)

Games-> Volume 231/November '96

### RoboWar 4.1.2

Design and program robot gladiators - then pit them against each other in fierce battles. There are more than 50 pre-made robots or you can create your own. Up to five robots can compete at a time. Create tournaments, including team play.

Games-> Volume 224/April '96

### WW II SkyFighters

#### Featured

#### High-flying adventure

Take off with this excellent flight simulator. The realistic handling and effects put you in the heart of the action. Fly a Mustang or an ME 109 airplane. Take to the skies - once you've figured out how to get off the ground.

- \* Choose from multiple camera views

- \* Realistic cockpit layout and controls

- \* Supports joystick or controls

- \* Realistic flight simulation and sound effects

(Application by Donald A. Hill, Jr.)
