

About this Disc

We strive to give our customers the highest-quality products and services possible. Recently we manufactured the newest update of our Image Resource Library, which includes Resource Books 1 - 6. Normally each comping disc comes with 10 sample high-res images on it so our customers can see the quality of our images. Unfortunately, when we re-produced Comping Discs 3,4,5 and 6, we inadvertently burned them with the same 10 high-res images on each disc.

You were one of the "lucky" recipients of the "original edition," and although it may become a collector's item someday, we want to make sure you get the sample images you were promised. Therefore we've created this special disc that contains all 60 images. (Hey, this special disc might become a collector's item someday, too!)
