Forum BBS er medlem av FidoNet og AmigaNet. Det er mulig for brukere
å bli point i begge disse nettene. (Det finnes ingen bedre måte å drive
BBS'ing på enn å bli point! Telefonregningen vil sansynligvis bli redusert
også på grunn av redusert online tid...:) Ta kontakt med sysop for
tildeling av point-nummer! Allt du trenger for å sette i gang er THOR og
TrapDoor. (Gjelder Amiga) Sysop bidrar gjerne med hjelp til oppsett etc.!

Denne basen kjører på følgende hardware

```

Amiga 1200
Blizzard 1230-II m/5 MB FAST RAM
Conner 1275 IDE HD

```

Inne i et TowerHawk MaxiTower.. :)

Utenfor henger det og USR. Sportster 33.6 V34+ modem.

Grunnet at jeg hadde et heller kraftig harddiskkrasj for en tid tilbake, så er basen en liten smule amputert for øyeblikket, men vær med på å starte det hele opp på nytt!

Det eneste som er igjen nå, er dere.. Brukerene.

Mezzy (A)BBS er en base som vil komme seg inn i Scene og få spredd alt BRA som scenen kommer ut med! Basen blir drivi av Astra Syntex og har Large som sysop. Astra Syntex er en forholdsvis fersk gruppe som holder på å infiltrere seg i scenen. Se etter våre demoer, introer, mods osv osv!
Mezzy drives på ABBS men skal nok skifte til MaxBBS2.0 eller FAME. Large driver endel med AREXX og litt Asm og hjelper gjerne en "venn" i nøden. Alle som vil kan joine MEZZY (A)BBS!

[7.5.1.5.9.7.7.7]

Base i Nordland, for alle koselige personer med datamaskin og modem. Noen jenter har vi også å by på, så her er det mye å ta av, miljøet er enestående i sin klasse! Her diskuterer vi om ALT! (perverst prat er det mao. ikke fritt for. ;))

TD er en 3-4 år gammel base, som i begynnelsen var en natt-base med 2400 bps modem og 80 MB harddiskplass. Siden den tid har TD utviklet seg sterkt, og kjører nå med et V.34 28.8k bps modem, 68060/50MHz CPU, har bortimot 7 GB HD-plass, og øker fort!

Vi har også en god del peiling på det 'berømte' Internet, og du kan komme til oss for spørsmål, hjelp og ellers andre saker som gjelder dette gigantiske nettverket. Og selvsagt, når du synes Internet er for stort for deg, så stikk innom en BBS som TD. Det finnes ikke noe mer koselig som en BBS! :)

Så nøl ikke, ring TD [75159777] og ta en titt. Det skader jo ikke å ta en titt for å se hva vi byr på, gjør det? :)

< < < Første norske Amiga BBS permanent ute på Internett! > > >

Siden BBSen startet opp den 21. september 1994 har den vokst til å bli en av Norges største og beste Amiga BBSer. Nå som den har blitt lagt ut på Internett som den første Amiga BBS i Norge, håper vi at også dem med Internett-tilknytning vil sette pris på tilbudet.

Vi kan tilby konferanser som dekker de fleste behov. Blant annet kan vi nevne de populære Forum-konferansene våre med mange forskjellige temaer. Alle konferanser har dyktige sigops med god oversikt og som kan besvare det aller meste. Foruten dette har vi vanlige konferanser for salg & kjøp, reklame osv. Totalt sett har vi over 50 konferanser man fritt kan velge mellom.

Sagt om Yggdrasil BBS:

"Jeg synes Yggdrasil er en meget bra og seriøs BBS. Den har gode/bra utvalg av konferanser, bra utvalg av filer, seriøse brukere, osv. Så jeg vil bare takke for en meget bra BBS og håper på at den vil 'leve' lengeeeee!!!"

Tor_Oyvind Bjorheim

Dette er altså en BBS du ganske sikkert kommer til å like godt, siden vi har et meget seriøst miljø med mange aktive brukere.

. t . h . e . . z . e . s . t .

This is where all the nice folks come together to have jolly nice phun!

We've got conferences for everyone! But with the main focus on the Amiga-scene. There's also conferences for all kinds of scene people, like coders, graphicicians, musicians, sysops a.s.o.

The Zest was started for the first time, for almost two years ago, and have since then been a little up and down.. We've also tried a lot of BBS systems, but I think ABBS, for the time being, is the best message-based software. Because, we are aiming for the messages, not the files (we have free dl).

The first time the Zest was open, we had 10.000 (That's right, ten

thousand) messages the first ten months. We are hoping, that, this time, we can beat that record! Are you with me?

So, dial us up. NOW!
