The mods on Aminet CD 8

More than 2000 modules are on this CD. To give you a quick overview of the best mods on the CD, I've created an index with styles and ratings of all the modules. Note that some archives contain several modules, only the first one will be played then. For the following styles there exist lists (click the 'shuffle' button to play random songs of that style, and click it again to skip a song you don't like):
