# Welcome

Win-Party

Welcome to Win-Party 1.01, the premier party game for MS Windows. Win-Party combines many of your favorite party games such as Quarters, Strip-Poker, Truth or Dare, Spin the Bottle and others, into one fun-filled game for your personal computer.

## System Requirements

Win-Party 1.01 requires the following:

- MS Windows 3.1 or above.
- VGA monitor.
- 1 megabyte of RAM
- MS compatible mouse.

# Game Setup

The Configuration window allows you to enter player information, as well as allowing you to set game options.

## Player Information

### ***Player Name***

Enter each player's names in the available text boxes, if two of the players are part of a couple you might want to enter their names in box one and two or three and four or in boxes five and six. Do not skip a box when entering the players names.

### ***Player Sex***

Press either the M or F button to select male or female.

### ***Enter Clothing Information***

Press the Enter Clothing Information button for each player to select the clothing they are currently wearing.

Notice that a green light will appear when you have entered the clothing information for a given player.

### ***Tempo***

The Tempo slide bar allows you to determine how quickly the game will progress, it is recommended that you select a middle value, unless you are playing with six players, you might then wish to select a higher value.

## Advanced Configuration

### **Player Interactions**

The Player Interactions allow you to specify who will engage in actions with who, as well as what they may and may not do.

### ***Allow All Inter-Player Actions***

This option allows all players of opposite sex to engage in actions with each other.

### ***Couple Actions Only***

Choosing this option limits inter-actions to those between the members of a couple. Notice that when you choose this option, the green couple bars will appear on the Configuration window. These bars connect the first-second, third-fourth and the fifth and sixth player's name boxes. Actions will only be allowed between members connected by the couples bars.

### ***Allow on Board Inter-Actions***

On Board Inter-Actions occur when two players land on the same board space. These actions will only occur if the two players are allowed to inter-act. Inter-Actions will also be randomly turned on and off at the start of each player's turn.

### ***Interaction List***

This list determines what sort of actions are allowed between players.

### ***Removing Each Others Clothes***

This option allows one player to remove another player's article of clothing.

### ***Dancing***
