

The “History of the Corvette”

Now you can enhance or complete your by Chevrolet Motor Division. Here are ever, showcased on fine-quality knives in a

Collector Knives

collection of these knives fully authorized some of the hottest models of Corvette collection like no other.

Each is a Limited Edition masterwork richly embellished with accents of real silver. With finely polished stainless steel blades that bear the name of each ‘Vette classic. And each handle is custom designed to incorporate a distinctive feature found on the real car – the scalloped fender of the ‘57 convertible, the “Split Window” of the ‘63 Stingray, the exhaust pipes that inspired the 1969 design and the side body vents of the 1967. Each knife bears the minted medal of Franklin Mint Collector knives, set into the reverse of the handle. And each individual work of art is imported complete with a padded and zippered display case to showcase and protect it for years to come. A must for every Corvette enthusiast.
