

Gif•gIf•giF

Gif-gIf-giF is a simple little program for making GIF¹ animations of whatever is shown on your Windows screen. The following files should be present in the Gif-gIf-giF folder:

- * Read Me First (README.TXT/README.WRI)
- * Setup/Installation Files (SETUP.EXE/_OSETUP.*)
- * Legal Information (LEGAL.TXT/LEGAL.WRI)
- * Manual (MANUAL.TXT/MANUAL.WRI)
- * Registration Form (REGIST.TXT/REGIST.WRI)
- * Gif-gIf-giF Application (GGG.EXE)
- * Registration Information (REGINFO.TXT/REGINFO.WRI)
- * Register Application (REGISTER.EXE)
- * Register Application Helpfile (REGISTER.HLP)

Run SETUP.EXE from within Windows to install Gif-gIf-giF.

Gif-gIf-giF requires win32s to operate under Windows 3.1 or 3.11.

Be sure to read the legal information. Read the short manual for operating instructions. The registration form may be filled out, printed, and sent to us to register Gif-gIf-giF. This collection of files may be freely redistributed as long as all files remain together. Gif-gIf-giF and all accompanying files are copyright property of Pedagoguery Software, with the exception of the Register Application (REGISTER.EXE) and the Register Application Helpfile (REGISTER.HLP) which are the copyright property of Greg Kochaniak.

Without registration, Gif-gIf-giF expires after thirty days.

We at Pedagoguery Software welcome comments and feedback from our users. We may be reached via email at Pedagoguery@Applelink.Apple.com. We maintain a web page for Gif-gIf-giF at <http://www.cafe.net/peda/ggg/>.
