Customizing Your Season

Stat Book 96 is very customizable. Under File|Preferences you can choose to load your last opened season on startup and whether or not to display the opening screen. You can also choose to display any category from the individual dialog boxes (ex. Pitching Statistics dialog box).

New Game Input Screen

This screen is used to input your stats for each new game you play or to input a past season all at once. Use the tabs at the bottom to change to different stats and then input the approprate stats by typing in the numbers or using the up and down arrows. Once you have inputed your stats click on the OK button to have all your stats calculated for you.
Pitchers:
    Your input of No Dec. is the same as the pitching stat Games Appeared or Appearances.

Registration Order Form

New Season Startup

In the team name input box input your team name (ex. Lincoln High JV).

In the year box input the base ball season year between 1850 and 2100.

Then click on how many innings per game you play.
