# AMF Multimedia Jukebox

For MIDI, WAVE, AVI, FLI, FLC, MOV, and multimedia files.

Installation:
1) Copy all .VBXs to your WINDOWS\SYSTEM directory.
2) Copy this help file (AMFJBOX.HLP) to your WINDOWS directory.
3) Copy all other files to a directory of your choice.
4) You will only be able to play files for which you have proper drivers and extensions installed for.
Click on an object or button to learn about its functions:

Contacting the Author

Directory Selection

Double-click a directory on the tree to change to that directory.

File Selection

Double-click a file to add it to the queue list.

Drive

Click on a drive to change to that drive.

Queue List

This list represents the order in which the multimedia files will be played in. Lists may be saved using the <u>save command</u>. They may be opened, and played again by using the <u>open command</u>.

Status Bar

The status bar will keep you informed of the status of the juke box.

Open

Use this to open a previously saved .AFJ file. The file you select will be loaded into the list. This function is available after registering.

Save

Use this to save an AMF Jukebox List (.AFJ)　file.

Clear Selection

This function clears the selected entry from the <u>queue list</u>. If there is no selection the first entry is removed.

Play

Use this to playback all the items in the <u>queue list</u>. You can minimize the Jukebox, and have the music played while you work. Play will also resume after a pause.

Clear All

This clears the contents of the queue list.

Quit

Use this to end the current AMF Multimedia Jukebox session.

About

Shows the about box.

Pause

Pauses/Resumes the currently playing multimedia file.

Stop

Stops the currently playing selection.

Current Time Position

Displays the current time elapsed of the currently playing multimedia file.

Total Playing Time

Displays the total playing time of the currently playing multimedia file.

Skip

      This button skips over the currently playing selection, and begins playing from the next entry in the <u>list</u>.

Meter

       This meter will show full when playing or while in a paused position. When stopped, it will indicate 0.

Shareware & Registration

Shareware is a marketing practice allowing the consumer to try before buying. If the user continues to use the program, he or she is encouraged to pay the registration fee. This registration fee will not only entitle the user to benefits such as 6-month support, a registration number, and an improvement in program performance, but will encourage the author to continue his efforts.
In addition, with registration, the user will be allowed access to the open command. This will allow saving of your favorite selections, and then replaying them with a single click.

Please Register If You Have Not Already.

Your investment of $10.00 will help the author, Andrew M. Freeman, through college.

To Register, send a check or money order for $10.00 US (funds drawn on a U.S. bank) to (foreign orders, see below):

Andrew M. Freeman
P.O. Box 189
Holbrook, N.Y. 11741-0189

If registering by mail, please use the ORDER FORM.

OR Register On-Line CompuServe.:
GO SWREG and search for ID# 3386

Upon registration you will receive an e-mail message or letter by mail indicating the registration number to enter in the box at startup. When you get this number, simply enter it in the box at startup. The annoying registration reminder will disappear. You will also receive free, 6-month support by e-mail or ground mail, as well as access to the open command..

Please register, it will help me through college. Thank you.
