Chapter 1

graph2D.regform

1.1 main

```
--------------------------------------------------------------------------
  To:  Kai Nickel                        eMail: kai@rpsbbs.rlp.org
       Herzogstrasse 29                          un7x@rz.uni-karlsruhe.de
       67435 Neustadt
       Germany
--------------------------------------------------------------------------

  I would like to register myself as user of the shareware-program
  "Graph2D". After the registration I will receive a personal keyfile
  that allows me to use Graph2D (and possible future updates) permanently.
  I know that I am not allowed to give the keyfile to a third person.

  Name    :
          ----------------------------------------------------------

  Street  :
          ----------------------------------------------------------

  City    :
          ----------------------------------------------------------

  Country :
          ----------------------------------------------------------

  eMail (if available):
                       ---------------------------------------------

  Please choose what you like:

    o     I want the keyfile be send to me via eMail. The registration
          fee of US$15 or DEM20 is included to this letter.

    o     I want to receive the keyfile on a disc in a letter. The
          registration fee of US$20 or DEM25 is included to this letter.
